3D Systems Brings Full Printer Portfolio To MasterGraphics

- Upper Midwest Reseller Brings Full-Line 3D Printers To Its Customers -

ROCK HILL, South Carolina, February 27, 2012 – 3D Systems Corporation (NYSE:DDD) announced today the expansion of its authorized reseller agreement with MasterGraphics, a leader in technology services. With a qualified team of experienced sales professionals and support engineers, MasterGraphics now offers immediate access to 3D Systems' entire lineup of high resolution, high speed, full color personal and professional 3D printers.

"We are delighted to expand MasterGraphics' role in our growing network of 3D content-to-print solutions resellers," said Michele Marchesan, Vice President of Sales, Personal and Professional Printers, for 3D Systems. "MasterGraphics' expertise in CAD and 3D printing sales and services makes them uniquely qualified to provide our complete portfolio of 3D printers to their growing customer base."

"We are very excited to represent 3D Systems' new full line of personal and professional 3D printers," stated Kevin Carr, General Manager, MasterGraphics Imaging Solutions. "Adding the Bits from Bytes™ and ProJet™ 3D Printer lines to our proven record with ZPrinter® and Autodesk® products positions MasterGraphics as a comprehensive design-to-manufacturing solutions provider to its customers."

About 3D Systems Corporation
3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials and on-demand custom parts services for professionals and consumers alike. The company also provides creative content development, design productivity

tools and curation services and downloads. Its expertly integrated solutions replace, displace and complement traditional methods and reduce the time and cost of designing new products by printing real parts directly from digital input. These solutions are used to rapidly design, communicate, prototype and produce functional parts, empowering its customers to create with confidence.
