3D Systems Brings Its Content-To-Print Solutions To Planet/PTC

- Practical, Affordable Tools Empower Designers To Create And Make -

ROCK HILL, South Carolina, June 13, 2011 – 3D Systems (NYSE:DDD) announced today that it plans to showcase its 3D content-to-print solutions at the Planet/PTC World User Conference June 12-15, 2011 at Caesar's Palace Hotel, Las Vegas, Nevada, booth526.

3D Systems will exhibit its personal and professional printers including its new sub $4,000 BfB™ 3000 plus 3D printer and RapMan™ kit, its ProJet™ 3000 plus and its new ProJet™ 6000. 3D Systems will also display its comprehensive range of Quickparts® and 3Dproparts™ custom parts and casting services.

"We are pleased to bring the latest design productivity tools and services to Planet/PTC," said Cathy Lewis, Vice President, Global Marketing for 3D Systems. "We are committed to democratizing access and accelerating adoption of affordable and practical 3D content-to-print solutions for the benefit of professionals and consumers alike."

About 3D Systems Corporation

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials, creative printable content development, curation and downloads and on-demand custom parts services for professionals and consumers alike. Its expertly integrated rapid prototyping and manufacturing solutions reduce the time and cost of designing new products and printing real parts directly from digital input. These

solutions are used to design, communicate, prototype and produce functional end-use parts empowering our customers to create with confidence.
